National lottery community fund application form

Apply online Continue the online application We will try to tell you our decision as soon as possible. This usually takes us around 12 weeks. If you are successful, it normally takes 2 weeks to pay the money for you. If it is difficult or impossible to fill out an application form, you can contact us if you have any communication support needs that make filling out an application form difficult or impossible for you. We are happy to talk about alternative ways for you to tell us about your idea. What information should you apply We ask for your contact details, home addresses and dates of birth of two different people in your organization. Both contacts need different email addresses. A person should be someone we can talk to if we have any questions about your project. The other should be a senior member of your organization. Both have to live in the UK. These two people may not be: related to married blood with each other in a long-term relationship with each other living together at the same address. We ask you for the legal name of your organization and its address. And what type of organization is Make sure they are updated and match any information or identity documents that we request (when you get to the application part). We ask you for information about your organization's accounts, we want to know when the accounts end each year and how much revenue you have. If you don't have annual accounts because you're a new organization (less than 15 months), that's fine. We can still look at your request. We request an account statement from the last 3 months It should show: the legal address of your organization, the statements are sent to your banks, name the account code and the date of sorting of the statement. Here's a handy picture of the kind of bank statement we're looking for. We ask you for information about what kind of project you want to do and will help and involve the community project. We ask you if your project will focus on certain people - for example, people of a certain age, gender, ethnicity or sexual orientation. It's good if you don't target any of these groups in particular. We do not use this information to decide if you get the funding. But this information is still important to help us monitor who benefits from national lottery funding. Also, please read and accept our terms and conditions You can take a look at the terms and conditions here. If you're not sure about the type of things we ask for when you apply Contact Us. What happens after you apply? Send us your request – If your request is in response to COVID-19, we will return you with a decision as soon as possible. Otherwise, we will get back to you with a decision in about 12 weeks. In these 12 weeks we look at your idea and do our security checks. You can learn more about the checks we make. We might give you a call in these 12 weeks, to talk a little more about your idea, or to ask Information. If your application is successful - we will send you an email with good news! And we'll put the funding in your bank account in 14 days. You can start spending funding for your project – you should spend the funding so you said you would do it in your application (unless we agreed to something different first). You might check in from time to time - to see things go. Learn more about managing funding. Share your story – you can tell your local community, share your good news on social media, or get in touch with local newspapers. There is some information about making your subsidy public. We will make a press announcement and share your story. You can also download a logo for you to use to show you have National Lottery Awards for all the funding. Grants that help improve people's quality of life in their communities. Community lottery grants are available to non-profit organisations with a focus on community or social services for ongoing running costs or for projects that help improve people's quality of life in their communities. A Lottery Community Committee reviews the results of your project or services and how they will benefit your community and help: support volunteers help people promote community well-being or cultural identity, help vulnerable people feel they belong and can take part in their community. Each Community lottery committee shall determine the results and priorities it wishes to obtain from the investment of the non-refundable funds available in its area. The Community Lottery funds organizations that support needs: Maori, whānau, hapū and iwi Pacific people and other ethnic communities elderly, women, youth and people with disabilities. The priorities of the Lottery community are projects, activities, resources or services that focus on: parents/families/children whānau and the development of young people, improving the quality of life of older people in the community that prevent the violence of new migrants/refugees with long-term/significant disabilities or diseases, people considered to be at risk or disadvantaged, improving the knowledge and use of people's digital technology. The individual Community lottery committees shall have their own priorities of the Committee. These can be found at the link below: Community Individual Lottery Committees Important data for Community LotteryS future opening and closing dates for Community Lottery applications and date of meeting of the Committee's decision are listed in the link below: Important Community Lottery Data Community Grants may be one-off contributions or investment grants for up to three years, for: current operating costs for existing or extended service and activity projects that exceed the day-to-day operations of an organisation, contributing to the supplementation of an organisation's existing minor capital works projects valued at USD 30 000 or less. Multiannual funding is no longer providedAs a result of COVID-19 COVID-19 and resulting in possible long-term changes in lottery funding, we cannot provide new multiannual financing agreements for the 2020/21 funding year. If you have made a multi-year application to the first round of the Lottery Community, we will treat this as a single one-year application. If you have previously been granted a multi-year agreement, it will continue to be in force. In addition to what the Lottery Grants Council does not fund, the Community Lottery does not finance: research individuals, including: large-scale research plans, feasibility studies for capital projects and health research major capital works over \$30,000, including food project management fees for alcohol food banks and similar substances, for example, kava applications that match priorities for the Lottery Minister's Discretionary Fund, which include: voluntary firefighting services, overseas travel, financial animal welfare and governance training. The only supporting document required for a Community Lottery grant application is a budget and that your organisation meets the financial reporting requirements. Information about these can be found here. The grant application will be considered incomplete if you do not provide this information by the funding round deadline and will not be considered for funding. If your application is for minor capital works, you will also need two offers for construction or renovation costs. If your application is approved, you can use the grant for any costs in your budget, except: any item that is not eligible, any cost that is excluded when the grant is approved. There is more detailed budget information here.Organizations should also verify that the information in the community organization profile is up to date when you submit your grant application. If you want to make a positive difference in your community, hapū, or iwi, we encourage you to start with a clear idea of the outcome (change or benefits) you intend to achieve. Starting with a clear result will help you connect with others and achieve goals that are important to your community, hapū, or iwi. If you want to work in partnership with us to get something in your community or to apply for a grant, you can learn more here about how we work and contact us If you already know that a Lottery Community request is appropriate for your group or organization, then the following steps will help you on your way. Or, if you want to explore other opportunities to access services and funding, then return to the menu at the top of the home page for more information. If to apply for a Community lottery subsidy, then we suggest you start by checking the opening dates, closing dates and decision dates. This important data is here. To be ready to make a request you can learn more about what you will need here; If you are ready to make the request of the lottery community, then sign in hereTo complete the application successfully, it could also be to: Once you have submitted your application, it will be evaluated to be sure it is a good match for the fund and then referred to the makers. For the Lottery Community you can find out more here If you have succeeded in the grant application, the grant will be paid into the bank account corresponding to the details provided at the time of your application. Our goal is to grant this payment to you within two weeks of the commission's approval of the grant. In using your grant we would ask you:Thank you for working with us to build strong and resilient communities throughout Aotearoa Aotearoa
